# Table of Contents

- Theoretical Exploration and Practical Analysis of Hybrid Engineering-based Talents Training Mode based on Internet Business Major  
  Gong Xiangwei  
  Page 1

- Application of Data Mining Technology in the Management of Ideological and Political Education  
  Wenjun Li, Shuxin Wang  
  Page 5

- Research on the Combination of Ideological and Political Education and Mental Health Education for College Students Based on Network Community  
  Shuxin Wang, Wenjun Li  
  Page 9

- Research on the Development of Minority Sports Resources and School-based Sports Courses Based on Industrial Integration  
  Shichao Wang  
  Page 14

- Effective Integration: University Media Platform and Media Professional Practice Teaching  
  Zuowei Zhao  
  Page 19

- Research on Current Situation and Countermeasures of College Sports Safety Accidents based from Humanistic Perspective  
  Long Cai, Yuan Zheng  
  Page 23

- Analysis on the Cultivation of the Outlook on Life in the Study of Mathematical Differential Courses  
  Zhang Jianguo, Zhang Yu  
  Page 29

- Research on the Integration Paths of Information Technology and German Subjects  
  Jinglan Liu  
  Page 33

- Exploration and Application of Role Exchange between Teachers and Students in Pharmaceutical Experimental Teaching in "Internet +" Age  
  Jing Zhang  
  Page 37

- Research on Reconstructing Mechanism and Path of the Higher Vocational Credit System under Innovation-Driven Development Strategy  
  Xiao Nie  
  Page 41

- The Significance of Information Technology on Translation Teaching in the Context of "Internet Plus"  
  Page 46
Wanfang Zhang

Research on Cultivation of Innovative and Entrepreneurial Ability of College Students in Big Data Environment 50

Yurong Hou

Research on the Design of Autonomous Multi-language Learning in the Information Age 54

Jinghua Li, Chenchen Wu, Jiewen Huang, and Yuhan Guo

Study on the Combination of Information Technology and Translation Teaching 59

Changhong Zhai

A Survey of Current Situation of Educational Concepts——A Case Study of Kindergarten Teachers in Urban Areas of Chongqing under Combination of Excel with SPSS Software 63

Dongya Song, Xin Zhao, Qian Guo, and Fang Tan

Future-oriented Curriculum Reform under the Background of "Internet +" 68

Xiangjun Zhang, and Ziheng Di

The Reform of College English Teaching in the Environment Network Technology 73

Liangping Zhang, and Xiangxin Liu

Research on Network Teaching of Ideological and Political Theory Courses in Enterprise Practice Teaching 77

Chen Feng

Research on the reconstruction of classroom teaching mode in undergraduate colleges and universities with the integration of "Flipped Classroom and PAD class" 83

Mo Tiansheng, Li Gan

The Influence of Confucian "Benevolence" Thought on College Students' Moral Education 88

Du Lijuan

Practice Strategy of Higher Vocational English Turning Classroom Teaching under MOOC 93

Duan Xiaoxiao

The Plastic Research on College English under the Humanistic Care Philosophy 99

Yu Pingping

The Value of Developing Fork Songs from Tibetan-Qiang-Yi Corridor in the Local College Music Class and Practice Research 103

Qing Yi

Research on Cultivation of Ability and Quality of Commander for Aviation Lifesaving on the Sea 107
Han Qingtian
A study on Green behavior of Chinese College students from the Perspective of AMO
Li Cuifang, Wang Rui
Strategies on Two-way Cultural Integration for Overseas Students Education in China under the "One Belt and One Road" Construction
Hong Zhou
Research on Practical Teaching Mode of Tourism English Major
Chuang Ding
Research on the Training of Individualized and Diversified Practical Teaching Ability of Basic Art Teachers
Yan Ni
Research on Cooperative Education Model for School-Enterprise Cooperation under the Background of Innovation and Entrepreneurship
Ronghua Ma
Research on Physical Training of Badminton Players
Chunfeng Mao
Innovative Development Paths on Industry-education Integration and Collaborative Education for Applied Universities
Dongwei Zhang
Research on Teaching Reform of Computer Major Oriented by Core Accomplishments
Li Tai
Research on Teaching Model Reform based on Outcome Based Education
Hongyan Liu
Innovation Path on Ideological and Political Education in Colleges and Universities in the New Media Era
Lihui Li
Research on Teaching Reform for Logistics Management Major under the Guidance of Intelligent Logistics
Xin Dong, Baogang Zhou
Research on Evaluation System of Postgraduate English Practice Teaching in the Perspective of Core Literacy
Ying Li, Ping Wang
Research on Applied Talents Training for College Japanese from the Prospective of Cross-cultural
Xiaohong Tang
Research and Application on College English Emotional Teaching in the Information Era 180

Hongxia Bian

Research on Problems and Countermeasures of Basic Japanese Grammar Teaching 185

Yingxin Zhao

Application on Information Technology in College Aerobics Teaching 190

Yanjie Li

Inquiry Teaching Method and Its Application in College Tennis Teaching 195

Wenwei Jia

Research on Backwash Effect of College Entrance Examination in English Teaching in the Perspective of Cross-culture 200

Ping Wang

Implementing Approach on English Teaching in the Perspective of Cross-culture 205

Wenlan Zhao, Ping Wang

Teaching Reform on Computer Basic Course Based on Blended Teaching Model 210

Yingjian Lin

Research on Development Model of Internationalization at Home for Applied Universities 215

Yi Sun

Development Strategies on Vocational Education for E-commerce Major 220

Chi Tang

Construction of Innovation and Business running Course for Computer Major Based on CDIO Concept 225

Chen Huie, Hu Anming

Research on the Flipping Classroom Mode of College Physical Education Teaching under the Background of Informatization 234

Li Li

Research on the Mechanism of Enterprise College Construction in the context of Industry-Education Integration 238

Huang Jieqi, Sheng Xin

Research on Cultivation of Practical Professionals in Radio and TV Editing in Local Universities 245

Guan Bo, Zhang Xuejiao
The development and innovative application of design aesthetics in diversified teaching of art design

Yongli Dai, Xiaochen Wang

Research on Entrepreneurship Thinking of College Students

Jun Zhao, Zhengwang Li

Research on Multiple Interactive Teaching Modes of College English in the Context of Information Technology

Yuhua Li

Discussion on the Path of Model Education Leading the Moral Education of College Students in the New Period

Yao Yao, Fan Lin

Reflections on Strengthening and Improving Teacher Education in Local Colleges and Universities in the New Period

Qian Yan, Qian Shuang

Practical Exploration of Integrating Jinggangshan Red Gene into Kindergarten Art Activitie

Yang Ying, Gan Yan

Exploration to the mode of cultivating art talents in application-oriented universities

Jiyao Zhang

Construction of Enterprise Training Model Reform and Evaluation System Based on Practice Teaching

Li Xue, Zhu Peng
