Table of Contents

Research on Innovation Paths of College Student Management Models in the Context of Big Data 1

Tingting An

Research on the Cross-Cultural Transmission and Variation of English Internet Buzzwords in the Context of Social Media 7

Xiaoying Feng

Reflections on Constructing the "All-Encompassing Education" Model for Cyber Ideological and Political Education in Higher Education Institutions 13

Weikun Wu

Research on the Innovation Path of Service Models in the Smart Elderly Care Industry Empowered by Big Data and AI 19

Yingying Chao, Naiying Zhang

Research and Practice on Project-Based Teaching Reform of the Course "Fundamentals of Analog Electronics Technology" in Higher Education Institutions 25

Hongli Zhou

Dynamic Assessment in L2 Teaching in China: Theory, Practice, and Prospects 32

Hui Ye

Analysis of the development of women's status in F1 39

Qingyang Huang

Analysis of the Current Situation, Reasons, and Countermeasures of Learning Attitudes for Undergraduates 48

Hailong Xu, Meng Yuan, Wenting Cui, Lili Xu

Reform and Exploration of Experimental Teaching in Public Administration under the Background of Smart Education 55

Wei Zhao

Research on the Cultivation of Global Competency of Tourism Foreign Language Talents under the Background of "Cultural Tourism Going Global" 62

Yanan Kong

A Study of Male and Female Leadership in Laotian Secondary Schools 69

Thipdavanh Phimmasone, Lianjie Liu

From Identification to Action: A Study on the Action Pathways of College Students Practising the Consciousness of the Chinese National Community **76**

Xiaowei Wang

New Quality Productive Forces and the Innovation Functions of the MICE Industry: A Circular Feedback Model **81**

Namei Wu

A Technology-Driven Framework for Regional Adaptive Waste Management in China **89**

Lirong Yao

Research on the Construction of Core Competence Model and the Optimization of Talent Training Path for Nursery Education Specialty **99**

Jingjing Sun

Research on Practice Teaching Reform of International Economics and Trade Major in Application-oriented Undergraduate under the Background of Digital Trade **105**

Du Lv

Analysis on the Construction Logic and Practical Path of Brand Activities for Ethnic Unity Education in Universities: Integrating It into the Brand "Pomegranate Seeds" Practice Workshop **110**

Yiming Huang, Kun Qian, Zhang Liu, Haiyan Zhang, Yin Hong

The Influence of Physical Training on University Students' Physical and Mental Health and Academic Performance **116**

Jianghao Jing

Research on the Realization Path of the Transformation of University Student Management from Transaction-oriented to Development-oriented **121**

Yan Zhang

The Application of Robotic Staff in Hotel Operations: Do They Diminish (VS. Enhance) the Personalized Service Experience Valued by Guests? **126**

Yuanyang Qiu

Research on Multi-dimensional Value of Moral Education Culture Integrating into Ideological and Political Education System in Universities **133**

Fan Yang

Study on the Application of Interactive Teaching in Organic Chemistry Experiment Course **138**

Xuemei Hu

A Discourse Analysis on the Decentralization Narratives of Cryptocurrency **144**

Zhanyi Qi

Study on the Synergistic Mechanism of China University High-level Sports Team's Track and Field Women's Heptathlon Training on Physical Fitness and Psychological resilience **156**

Yuetong Chen, Guanyuan Su, Yu Jin, Qingquan Xu

Research on the Enhancement Path of Enterprise Value through ESG Performance in the Context of Green Development **163**

Wen Li

Research on the Construction of a "Three-Comprehensive Education" Ecosystem in Universities from the Perspective of a "Macro Ideological and Political Education" Framework **167**

Linli Zhang

Research on Individualized Learning of Digital Course of Hotel Vocational Education Based on Big Data Analysis **173**

Hua Zhong

Exploring Pathways for the Internship and Employment of English Majors under the Digital New Quality Productive Forces **178**

Gu Xinyi, Hu Jiling, Hu Lu

The Dissemination Path of the Chuanqing People's Culture Empowered by the Four-All Media **183**

Lei Shuangyan, Tan Guixiang, Hu Lu

A Sketch Engine-based Study on the Use of Conjunctive Adverbs in Academic Writing by Vocational Undergraduate Applied English Majors **189**

Huang Wei

Analysis of Monetary Policy Transmission Mechanism in the Digital Economy Era **198**

Huanxiang Chen

Research on Infiltration Strategy of Logical Reasoning Literacy in Senior High School Mathematics Solid Geometry Teaching **207**

Jiaqi Chen

Innovation of the Integration and Promotion Model of Ideological and Political Education and Mental Health in Universities from the Perspective of Nursing Specialty Characteristics **213**

Juan Du

Exploration and Practice on the Integration of Foreign Language Teaching and Aesthetic Education in Agriculture-related Vocational Colleges **219**

Xiaomei Li

Coupling Mechanism and Realization Path of Traditional Culture "Upholding Fundamentals and Innovating" and Rural Comprehensive Revitalization from the Perspective of United Front **225**

Jianye Liang

From "Service Export" to "Ecological Co-construction": The Construction Path of School-enterprise Cooperation Employment and Education Community-Taking the Red Sea Digital Intelligence Employment Campus Station as an Example **231**

Qingying Lin

Research on the Evidence System Construction of Evidence-based Aesthetic Picture Book Creation Course from the Perspective of Learning Science **238**

Huaiqin Liu

Research on the Current Status of Private Economic Development in Shandong Province and Pathways for Enhancing High-Quality Development **244**

Jin Liu, Qingying Zhang

Research on the Linkage Mechanism between Internship and Employment of University Graduates from the Perspective of Industry-Academic Integration **251**

Qin Si, Congye Cao

Training Path of Nursing Professionals in Application-Oriented Universities under the Background of Industry-Academic Integration **257**

Fang Feng, Dandan Wang

Imbalance and Adjustment between Ideological and Political Education and the Cultivation of College Students' Social Responsibility in Higher Vocational Colleges under the Employment-Oriented Approach **263**

Jianling Xu
